The students to develop the disciplines and habits that will serve them well academically, spiritually, and socially, well beyond their years at Whitefield.

That every MS student will continue to mature so that when they go out into the world, people will see that their combination of strength of intellect, maturity in Christ, and diversity of giftedness is something that is unmatched and something only the Lord could have orchestrated.

For our students to love one another as He has loved them, and for all men to know that they are his disciples because of it (John 13:34-35).

For the Lord to give them wisdom in their decision-making and protect them from harm and that they may face trials with the kind of perseverance that will help make them mature and complete not lacking anything (James 1:1-4).

The students to progress beyond surface understandings, answers, and doing what their told by their parents/teachers, but that they would begin to truly own their faith and live it out.

Each student, and family member, to learn to know the true and living God. Pray for them to have a deep desire to study God's Word and to do His will in their lives (Psalm 119:27, 30, 34-35).
