MISSION STATEMENT

Whitefield Academy, a Christ-centered college preparatory school, exists to bolster Christian families in rearing young people who go on to college and life with a passion for learning, for others ahead of self, and for the living and active Jesus.

LIFE AND CAREER PLANNING

Whitefield Academy partners with **Leadership Development Company** to conduct an extensive life and career planning program culminating in the senior year of our students. Assessments of personality and values, as well as aptitude testing through the *Johnson O'Connor Research Foundation*, augment this program. Final results of **Life and Career Planning** are given to students (and their parents) in the spring of their junior year. The objective is for students to make their college selection decisions, with their parents' guidance, within the context of plans for their lives and careers. This individualized program, offered through the College Counseling Department, is unique to Whitefield Academy.
