

Dear Friends,

We hope this letter find you well. Whitefield Summer Programs is happy to announce that we plan to have camps the weeks of June 29-July 3, July 13-17, July 20-24, and July 27-31. Our camps will be a bit different, so allow me to explain a few things.

Changes for Summer Camp 2020, based on the governor's order and the guidelines from the CDC:

- **Add a Camp** is cancelled this summer, so you must choose if you want your camper to attend Camp Whitefield OR a Specialty Camp and not both.
- **Registration** for camps will close 5pm the Friday before the start of camp. We need time to plan numbers and staffing, so no walk-ins or late campers will be admitted.
- **Lunch** will only be offered to Camp Whitefield campers. Lunch for Camp Whitefield will happen in the upper school athletic center so we can space campers out on the mezzanine and in the Wolfpack Den.
- **Sanitizing stations** will be at each camp location and signage hung around campus to encourage washing hands and social distancing.
- **All camp groups** (Camp Whitefield and specialty camps) will be **limited to 20 total** (including instructors and campers) where each group of 20 will not mingle with any other groups on campus for the week. They will have the same instructors and counselors all week. We are hiring staff to have multiple groups of 20 spaced-out all-around campus.
- **Registration check-in location** on Monday of each week will no longer happen. Parents need to stay in their cars and drop off and pick up campers at the designated camp carpool location. An email will be sent weekly with all the details.
- **Temperature checks** will happen daily before each camper is admitted to camp.
- If any **symptoms of sickness** occur throughout the day, the camper will be removed from the camp group immediately and wait in a holding room until a parent can pick up the camper. If a camper is sent home due to sickness, he/she will not be allowed back to camp until a negative COVID-19 test can be reported or after 10 days have passed since symptoms were noted. The Health Department will assist us in contact tracing and will call or text you if your child came in contact with the virus.
- All **staff** will undergo special training relating to COVID-19.
- In lieu of **field trips** off campus, we will have special speakers on campus (like a petting zoo), after they have passed our health and safety rules and they will be required to wear a mask.
- **Water Day** will still happen, with only the group of 20 on at one time, the water will be drained, and the slide sanitized before the next group of 20 will be allowed on the equipment.
- All **equipment** and craft materials we use will be sanitized between each camper group.

Whitefield Academy Summer Programs is dedicated to maintaining our high-caliber program, to help children in their spiritual, physical, educational, and mental growth in a loving, caring, safe, and Christ-centered environment, we will just do it with a lot more sanitizing this summer. If we do see a spike in COVID-19 cases in June, Whitefield holds the right to cancel camps for safety reasons and will give full refunds.

If you have specific questions or concerns, please don't hesitate to contact me at any time.

To God be the glory,

Angie Boone

Summer Programs Director
