Smyrna, GA – Whitefield Academy, a Christ-centered Christian school serving students from PreK through grade 12 in Smyrna and the surrounding areas, is proud to announce that its Upper School has earned the Platinum distinction on the AP® School Honor Roll

for the third year in a row. This honor recognizes schools whose Advanced Placement programs deliver exceptional results while broadening participation, reflecting Whitefield's commitment to rigorous academics grounded in biblical truth.

Whitefield offers 21 AP courses, challenging students to think critically and communicate effectively in a Christ-centered learning environment. In the Class of 2025, 100% of seniors took at least one AP exam, 47% took five or more, and 96% scored a three or higher, demonstrating both breadth and excellence in academic achievement.

"AP Platinum distinction reflects the depth of a Christ-centered, college prep academic experience," said Upper School Principal Jen Woods. "Our students are challenged at high levels within the context of a relational learning community centered on biblical truth. This environment of high challenge and high support develops students into critical thinkers and clear communicators who understand the importance of pursuing excellence for God's glory."

The AP School Honor Roll recognizes schools annually based on their commitment to increasing college-going culture, providing opportunities to earn college credit, and preparing students for college-level work. Platinum distinction is the highest level of recognition, earned by schools that demonstrate outstanding results and broad participation in AP programs.
